

Dear Courts

August 12, 2013

Greetings! I have been on the line in the unit as of late. There are several reasons for my life being on the line right now and it should not be.

Some people are trying to steal the things I accomplished in life just because they just learned of them. (See attached page) There are witnesses to these things spoken on. Some people that knew of them are just now trying to use or have them. THEY KNOW ME TO BE "NOT GUILTY" ON THIS CASE! THEY DONT FIGHT FOR MY FREEDOM BUT INSTEAD TRY TO STEAL MY OLD CREATIONS.

I've been attacked by witnesses on this case & some witnesses who did not come forward for my trial who also fought, attacked or shot the deceased on this case recently. They ask me not to go free because they want settlements for the deceased attacking them first. The problem is they claim they fear me since they attacked me and did not want me home. Yet they still attack me daily. (Or have other inmates they claim to free one day do it for them.)

My prior attorneys filed innocence claims, self-defense and evidence proof of the lack of a robbery on this case. (With evidence proof on each claim) The ~~xxxxx~~ attorney I have now filed mental retardation to try to help others here to. Mental retardation verses innocence claims with the physical evidence backing it are two completely different things.

Can these things be remedied as soon as possible. I also have the problem that I have'nt recieved all the proceeds for the things on the enclosed page and would like some help and protection to recieve, have and keep them. Thank you for your time!
